## About the Event

The Er 2024 Workshops Fair brings together leading researchers, innovators, and industry experts from around the world to share their latest findings, showcase cutting-edge technologies, and foster collaboration in the fields of research and technology.

This year's fair will feature workshops and presentations from renowned institutions such as the MediaEval Benchmarking Initiative for Multimedia Evaluation, the European Machine Reading Evaluation Benchmarking

Initiative (EMREB), and the Multimodal Text Analytics and Recognition for Less-Resourced Languages (MREBA) project.

## **Workshops and Presentations**

The workshops and presentations at the fair will cover a wide range of topics, including:

- Benchmarking and evaluation of multimedia and text technologies
- Machine reading and comprehension
- Multimodal analysis of text and non-textual data
- Ontologies, linked data, and knowledge graphs
- Natural language processing for low-resource languages

## **Keynote Speakers**

The fair will feature keynote addresses from leading researchers in the field, including:

- **Prof. Arjen P. de Vries**, University of Amsterdam, Netherlands
- **Prof. Shafiq Joty**, Dublin City University, Ireland
- **Prof. Stefan Dietze**, German Research Center for Artificial Intelligence (DFKI)

## **Registration**

Registration for the Er 2024 Workshops Fair is now open. Early bird discounts are available until [date]. To register, please visit the event website at [website address].

## Venue and Accommodation

The fair will be held at the [venue name] in [city, country]. A variety of accommodation options are available near the venue. For more information, please visit the event website.

## Contact Us

For any inquiries or further information, please contact us at [email address] or [phone number].
