Most people aren't. They don't understand the signs of a recession, and they don't know what to do when one hits. As a result, they end up losing their jobs, their savings, and their homes.

But it doesn't have to be that way.

This book will teach you everything you need to know about the next economic crisis and how to protect yourself.

You'll learn:

- The signs of a recession
- What to do when a recession hits
- How to protect your job
- How to protect your savings

li>How to protect your home

This book is essential reading for anyone who wants to be prepared for the next economic crisis.
