Print length : 1147 pages

- Contrast-Enhanced Ultrasound
- Imaging of Female Pelvic Trauma
- Imaging of Ectopic Pregnancy
- Imaging of Asherman Syndrome
- X-Ray of the Pelvis and Hip in Women with Pelvic Pain
- Imaging of Uterine Leiomyomas
- Imaging of Adenomyosis
- Imaging of Endometriosis

- CT of the Female Pelvis
- MRI of the Female Pelvis

This issue is edited by Drs. Kimberly R. Montgomery and Vaishali Bakhru. Dr. Montgomery is a Professor of Radiology at the University of California, San Francisco. Dr. Bakhru is a Professor of Radiology at the University of Pennsylvania.

The issue is divided into four sections:

1. **Ultrasound**
2. **X-Ray and CT**
3. **MRI**
4. **Other Imaging Modalities**

The ultrasound section includes articles on contrast-enhanced ultrasound, imaging of female pelvic trauma, and imaging of ectopic pregnancy.

The X-Ray and CT section includes articles on X-ray of the pelvis and hip in women with pelvic pain, imaging of uterine leiomyomas, and imaging of adenomyosis.

The MRI section includes articles on imaging of endometriosis, CT of the female pelvis, and MRI of the female pelvis.

The other imaging modalities section includes articles on PET/CT of the female pelvis and nuclear medicine of the female pelvis.

This issue of Radiologic Clinics of North America is a valuable resource for radiologists, gynecologists, and other physicians who care for women with pelvic pain or other pelvic conditions.

Table of Contents

1. Ultrasound

1. Contrast-Enhanced Ultrasound
2. Imaging of Female Pelvic Trauma
3. Imaging of Ectopic Pregnancy

2. X-Ray and CT

1. X-Ray of the Pelvis and Hip in Women with Pelvic Pain
2. Imaging of Uterine Leiomyomas
3. Imaging of Adenomyosis

3. MRI

1. Imaging of Endometriosis
2. CT of the Female Pelvis
3. MRI of the Female Pelvis

4. Other Imaging Modalities

1. PET/CT of the Female Pelvis
2. Nuclear Medicine of the Female Pelvis

Authors

Kimberly R. Montgomery, MD is a Professor of Radiology at the University of California, San Francisco. She is the Director of the Female Pelvic Imaging Section and the Co-Director of the Women's Imaging Center at UCSF. Dr. Montgomery is a Fellow of the American College of Radiology and the Society of Abdominal Radiology. She is a member of the editorial board of the American Journal of Roentgenology and the Journal of Ultrasound in Medicine.

Vaishali Bakhru, MD is a Professor of Radiology at the University of Pennsylvania. She is the Director of the Women's Imaging Division and the Co-Director of the Female Pelvic Imaging Section at Penn Medicine. Dr. Bakhru is a Fellow of the American College of Radiology and the Society of Abdominal Radiology. She is a member of the editorial board of the American Journal of Roentgenology and the Journal of Ultrasound in Medicine.

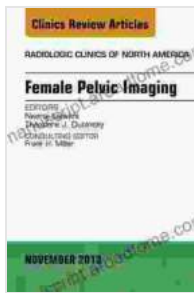

Reviews

"This issue of Radiologic Clinics of North America is a valuable resource for radiologists, gynecologists, and other physicians who care for women with pelvic pain or other pelvic conditions." - **Doody's Review Service**

"The articles in this issue are well-written and provide a comprehensive overview of the latest imaging techniques for female pelvic imaging." - **American Journal of Roentgenology**
