

# The True Story of Ron Hubbard's Calamitous Military Career

L. Ron Hubbard, the founder of Scientology, has long claimed to have had a distinguished military career. He has boasted of being a decorated war hero, a naval intelligence officer, and a submarine commander. But the truth is far different. Hubbard's military career was a disaster from start to finish.

Hubbard enlisted in the Navy in 1941, shortly after the United States entered World War II. He was assigned to the destroyer USS *Aludra*. But Hubbard's time on the *Aludra* was short-lived. He was soon transferred to the brig after being caught stealing from the ship's store.

Hubbard was eventually released from the brig and reassigned to the USS *YMS-30*, a minesweeper. But his troubles continued. He was frequently

absent from his post and often drunk. He was also accused of stealing from his fellow sailors.

In 1943, Hubbard was transferred to the USS *LST-491*, a landing ship tank. He was supposed to be the ship's communications officer, but he was quickly relieved of his duties after being caught sleeping on the job.

Hubbard's final assignment was to the USS *YP-422*, a small patrol boat. But he was soon transferred to the brig again after being caught AWOL.

Hubbard was discharged from the Navy in 1945 with a less than honorable discharge. He had served for less than four years and had never seen combat.

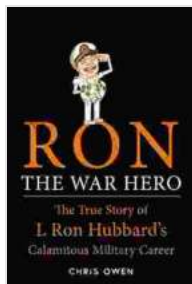

After the war, Hubbard began to embellish his military record. He claimed to have been a decorated war hero, a naval intelligence officer, and a submarine commander. But there is no evidence to support any of these claims.

Hubbard's lies about his military service are just one example of his long history of deception and fraud. He was a con man and a charlatan who preyed on the gullible and the desperate.

The True Story of Ron Hubbard's Calamitous Military Career is a searing expose of the lies and fabrications that Hubbard used to build his empire. It is a must-read for anyone who wants to understand the true nature of Scientology and its founder.
